

UNIVERSITY OF CALIFORNIA, RIVERSIDE

COMMENCEMENT 2024

MARLAN AND ROSEMARY BOURNS COLLEGE OF ENGINEERING

STUDENT SPEAKER

Jason Diaz, B.S. in Environmental Engineering

Jason Diaz attributes his success to the collaborative environment that fostered a sense of community and support. Working alongside classmates and mentors gave him invaluable support and encouragement, crucial for his personal and professional development. Jason was active in the Society of Hispanic Professional Engineers and completed internships at Chevron and the Southern California Gas Company. Grateful for volunteer work, internships, and other opportunities BCOE provided, he built lifelong friendships and a passion for renewable energy.

His future goals include transitioning to a career in renewable energy, contributing to the shift from fossil fuels to green energy alternatives.

GRADUATE STUDENT MARSHAL

Tyler Pastor, M.S. in Computer Science

Tyler Pastor engaged in undergraduate research, participated in the University Honors program, provided technical assistance to the Academic Personnel Office, and taught nearly 500 students. On campus, his involvement in bioinformatics research under Dr. Paea LePendu and his capstone project in the University Honors program expanded his knowledge and transformed his perspective on life.

He is particularly grateful for the connections he developed, which made him feel supported and part of a community. Looking ahead, he plans to apply his skills in the industry to make a positive impact.

TASSEL TURNER

Ankita Ahluwalia, B.S. in Computer Science with Business Applications

Ankita Ahluwalia's academic career was shaped by her involvement as a UC Big Ideas Contest Innovation Ambassador, participation in Launchpad and INNOVAR, and various campus innovation and entrepreneurship programs. She co-founded the Lead'R Lab, mentored future innovators, and won the 2021 BioHack. On campus, she served as a Chancellor's Research Fellow, received a Donald A. Strauss Foundation grant, and was the 2023-2024 ASU president.

Grateful for the support from professors and peers, Ankita plans to continue serving in information technology roles and managing nonprofit organizations.

UNDERGRADUATE STUDENT MARSHAL

Chloe Georgiou, B.S. in Computer Science

Chloe Georgiou actively sought and created opportunities to expand her academic journey. She worked with Dr. Marek Chrobak on research, leading to a published paper and becoming the first computer science major to be selected as a Chancellor's Research Fellow. Her campus involvement included leadership roles in the IEEE student club and Tau Beta Pi, where she honed her public speaking skills and mentored other students.

Grateful for the unique opportunities and mentorship provided by BCOE, Chloe will pursue a PhD in computer science at the University of California, Irvine.

ACADEMIC PROCESSION

The Grand Marshal

Sang-Hee Lee, Academic Senate Chair

Graduate Student Marshal

Tyler Pastor, M.S. Candidate, Computer Science

Undergraduate Student Marshal

Chloe Georgiou, B.S. Candidate, Computer Science

The Degree Candidates

The UCR Pipe Band

The Faculty Marshal

Jiamin Zhang, Assistant Professor of Teaching

The Administrative Party and Faculty of the University

PROGRAM

The National Anthem

All Present

University Welcome and Dean's Remarks

Christopher S. Lynch, Dean, Marlan and Rosemary Bourns College of Engineering, William R. Johnson Jr. Family Chair, and Professor of Mechanical Engineering

Student Speaker Address

Jason Diaz, B.S. Candidate, Environmental Engineering

Conferral of Degrees

Dean Lynch

Introduction of the Graduates

Dean Lynch

Baccalaureate Tassel-Turning

Ankita Alwhala, B.S. Candidate, Computer Science with Business Applications

The Alma Mater

All Present

M.S. BIOENGINEERING
